Do you have a pop up blocker? That might be causing the problem. Anyone else outside of EPA having this problem?

when I click the link from the CAG page where it says click "here" for digital library, all I get is a blank white page that says "Home". I just tried it again and got the same result,

So I tried from the home page, and I do get a document search page, but from there when I try the browse all documents link again I go to a blank white page

thanks  
Doug
